

DIVISION MEMORANDUM

No. 170, s. 2019

To: All EPS/Div. Coordinators
PSDS/DICs
Central School Principals
District Planning Officers

From: *fx* *Q. x. x.* **MARILOU B. DEDUMO, Ph.D., CESO V**
Schools Division Superintendent

Subject: **ADDITION OF DISTRICT PLANNING OFFICERS (DPOs) AS MEMBERS OF THE CIDPOWERHOUSE TO IMPROVE COMMUNICATION NETWORK BETWEEN THE OFFICE OF THE SUPERINTENDENT, THE CID AND THE DISTRICT OFFICES**

Date: April 5, 2019

1. To facilitate fast and easy sending of Division Memorandums, Advisories, updates, reminders, important issues and concerns, this Office will be adding the DPOs as official members of the CIDPOWERHOUSE, who will serve as alternate information dissemination officers in times that the PSDS/DICs and Central School Principals are not on-line. This does not however allow the PSDS/DICs to stop on-line connections and depend on their DPOs as receivers of messages. We are just ensuring that all 37 Districts can receive and acknowledge immediately messages sent at any time of the day.
2. As observed, only 9 out of 16 EPS/Coordinators and 12 out of 37 PSDS/DICs are always on the alert level in terms of responding to messages of the Superintendent, ASDS and the CID Chief.
3. At this point in time where reports and District data are gathered on-line, District Supervisors should by all means provide internet connectivity in their respective offices so that they will not be left behind in terms of submission of reports and updates.
4. With the advent of EDUCATION 4.0, let us start and make our District Offices connected at all times in order to cope with the demands of this fast and changing processes in our educational system.
5. Anticipating for a 100% District internet connectivity and full support of all DPOs.
