**PRODUCTION OF TELEVISION-BASED INSTRUCTION FOR
MATHEMATICS - GRADE 8 (THIRD QUARTER)**

To : CID Chief
Education Program Supervisors
Public Schools District Supervisors & Districts In-Charge
Elementary and Secondary School Heads
This Division

1. Committed to widening the access to education despite the pandemic, the Department of Education (DepEd) secured an ally in the National Telecommunication Commission (NTC) to support television and radio-based learning delivery for this school year. The use of television broadcast as distance learning solutions is a powerful way to bridge the digital divide in the education sector and reach the most marginalized learners.
2. Responding to DepEd's direction, an output-based activity that will produce structured learning TV episodes/shows to deepen key concepts of the lessons from Self-Learning Modules will happen on March 2-6 & 10-12, 2021. Venue to be announced later.
3. Participants to this training are the select scriptwriters, content editors, illustrators, animators and video editors (*Participants to be identified*).
4. The teams will work on video production for Mathematics 8 – Third Quarter which is expected to be packaged at the end of the five-day activity.
5. Team members who are Illustrators, Animators/Motion Graphic Designers, and Video Editors are requested to bring their own necessary equipment and gadgets to be used for production (*illustration materials, camera, tripods, lightings, etc.*).
6. Video editors must secure laptops or PCs for video editing with at least core i5 specifications and 8Gb RAM. This is to prevent lagging of computers while rendering the video outputs.
7. Content editors and scriptwriters are also advised to secure in advance copies of Alternative Delivery Modules (ADMs) in Mathematics 8 specifically the modules and lessons assigned to them.
8. Teacher-Lecturers are reminded to bring the pink national uniform for filming purposes.
